

Acceptable Use Policy 6470 Technology and Networks

Page 1

The Spackenkill Union Free School District, or SUFSD, provides a wide range of technology resources for student use. These technology resources are to be used only for educational purposes. This agreement outlines appropriate use and prohibited activities when using all technology resources and electronic devices as defined by school administrators. Every student is expected to follow all of the rules and conditions listed, as well as those given verbally by SUFSD teachers and administrators, and to demonstrate good citizenship and ethical behavior at all times.

The SUFSD uses a filtering system to track and monitor all computer and Internet use on the school network. The system is designed to prevent access to educationally inappropriate sites. It is important to understand that no filtering system is perfect. Due to the nature of the Internet and evolving technology, even with supervision, we cannot guarantee that students will not reach an inappropriate site. It is the student's responsibility to report any inappropriate site to the teacher.

Below are examples of online conduct that may constitute not only a violation of school policy but also a violation of federal and/or state criminal laws relating to cyber crimes:

- **Criminal Acts:** These include, but are not limited to, "hacking" or attempting to access computer systems without authorization, threatening/harassing email, cyber-stalking, child pornography, vandalism, unauthorized tampering with computer systems, using misleading domain names, using another person's identity and/or identity fraud.
- **Libel:** Publicly defaming people through publishing material on the Internet, email, etc.
- **Copyright Violations:** Copying, selling or distributing copyrighted material without the express written permission of the author or publisher (users should assume that all materials available on the Internet are protected by copyright), engaging in plagiarism (using other's words or ideas as your own).

By signing the Acceptable Use Policy, staff, students and parents/guardians acknowledge the following rules and conditions:

- I understand that the use of the school network and email is a privilege, not a right.
- I understand that my school network and email accounts are owned by the district and are not private. The district has the right to access my information at any time.
- I understand that SUFSD administrators will deem what conduct is inappropriate use if such conduct is not specified in this agreement.
- I will use technology in a manner that complies with laws of the United States and the State of New York.
- I understand that I am to notify an adult immediately if I encounter material that violates appropriate use.
